

**Hanover Hospital**

# Lung & Sleep Center

Opens In Hanover

The new Hanover Hospital Lung & Sleep Center, now open at the Hillside Medical Center, is the first facility in the region to offer a complete set of pulmonary and sleep services in one location.

Serving as the Center's physicians, Michael Ader, M.D. and Bassem Srour, M.D. will offer pulmonary, sleep and critical care expertise.

The Lung & Sleep Center offers patients with lung disease and sleep disorders the skills of highly trained professionals who work together to properly diagnose, educate, support and maximize the functional ability of their patients.

The Hanover Hospital Lung & Sleep Center is located in the Hillside Medical Center, 250 Fame Avenue, Suite 200, Hanover, PA. For more information, or to schedule an appointment, please call: (717) 632-LUNG [5864], or Hanover Medical Group Pulmonary and Sleep Medicine, Suite 202, (717) 632-9263.

**Pulling all of the quality Pulmonary & Sleep Services that you've come to expect together under one roof!**

- Pulmonary (lung) consultations and follow-up
- Diagnostic testing: pulmonary function testing (spirometry), asthma evaluations, exercise testing, etc.
- Pulmonary rehabilitation
- Sleep disorder initial assessment and treatment (the actual sleep testing will continue to be performed at Hanover Hospital)
- Lung and sleep disorder community education and support programs such as Tobacco Cessation, Easy Breathers (COPD) and A.W.A.K.E. (Sleep Apnea)

*\* Sleep testing will continue to be performed at Hanover Hospital.*
